

# Medicare Group I Support Surface CMS Coding Eligibility

Pressure ulcer ICD-9 codes:  
Site: 707.00 - 707.09  
Stage: 707.20 - 707.25

Code	Span-America Options	Description
EO184	 Geo-Mattress® HC	Specifically designed to aid in pressure ulcer prevention in the home care setting. Geo-Mattress® HC is cut from a single layer of high-quality foam, within a fluid proof cover. Cross-cut top surface is segmented in three distinct zones.
EO184	 Geo-Mattress® 350	Therapeutic foam mattress with segmented top surface, 6" height and fluid-proof cover. Supports up to 350 lbs.
EO185	 Gel-80™	Gel/foam overlay delivers effective pressure redistribution by encapsulating multiple gel bladders within a high density sculpted support base.

# Medicare Group II

## Support Surface CMS Coding Eligibility

Pressure ulcer ICD-9 codes:  
 Site: 707.00 - 707.09  
 Stage: 707.20 - 707.25

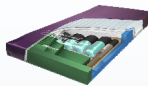

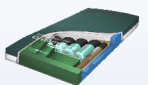

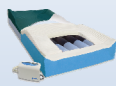

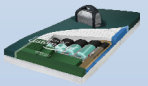

### DOES THE PATIENT HAVE:

- Multiple Stage II pressure ulcers located on the trunk or pelvis
- AND**
- Patient has been on a comprehensive ulcer treatment program for at least the past month which has included the use of an appropriate Group I surface
- AND**
- The ulcer has worsened or remained the same over the past month **OR**
- Large or multiple stage III or IV pressure ulcer(s) on the trunk or pelvis **OR**
- Recent myocutaneous flap or skin graft for a pressure ulcer on the trunk or pelvis (surgery within the last 60 days)
- AND**
- The patient has been on a group II or II support surface immediately prior to a recent discharge from a hospital or nursing facility (discharge within the past 30 days)

YES

NO

Patient does not qualify for Group II.

Code	Span-America Options	Description
<b>E0373</b> Non-powered Advanced Pressure Redistribution Surface	 PressureGuard® Custom Care® Convertible LAL	Effective non-powered pressure management through proprietary design features, including Star Chamber™ air system and Geo-Matt® surface geometry. Converts to powered modalities (alternating pressure, lateral rotation and low air loss).
	 PressureGuard® Custom Care® Convertible	Effective non-powered pressure management through proprietary design features, including Star Chamber™ air system and Geo-Matt® surface geometry. Converts to powered modalities (alternating pressure and lateral rotation).
	 *PressureGuard CFT®	Exclusive Constant Force Technology® automatically adjusts to appropriate level, regardless of the user's weight or position.
<b>E0277</b> Powered Pressure Redistribution Surface (alternating pressure, low air loss, lateral rotation)	 *PressureGuard® APM Series (APM, APM2, Safety Supreme)	Effective powered pressure management. Multi-mode air therapy with alternating pressure and lateral rotation at the flip of a switch.
	 *PressureGuard Easy Air® Series	Powered microclimate management (low air loss) with alternating pressure. LR Model includes lateral rotation.
	 PressureGuard® Custom Care® Convertible (with control unit)	Effective powered pressure management through proprietary design features, including Star Chamber™ air system and Geo-Matt® surface geometry. Includes powered modalities, alternating pressure and lateral rotation.
	 PressureGuard® Custom Care® Convertible LAL (with control unit)	Effective powered microclimate management (low air loss) through proprietary design features, including Star Chamber™ air system and Geo-Matt® surface geometry. Includes powered modalities, alternating pressure, lateral rotation and microclimate management (low air loss).
